Hi Nina,
EPA Region 2 says that the West Valley Demonstration Project (WVDP) does not have any OB/OD units – WVDP was one of the DOE sites that you said was operating under interim status – 3 storage and 4 treatment. I think this the facility number is NYD980779540
Can you please double-check for me?
Thanks!
Laura

Good afternoon

Our records show that the West Valley Demonstration Project has no open burning/open detonation units.

Regards,

Andrew Park

Dear Andy,

I found your name on the EPA website as the point of contact.

I am looking for RCRA Part A and Part B permit applications for the open burning/open detonation miscellaneous units at West Valley Demonstration Project USDOE. Are these posted online or can you email them to me?

Also, are there any Air Permits, such as a Title V permit, for the facility that contains operating conditions for the OB/OD unite at West Valley?

Thank you!

Laura
